There are number of internal units (coursework units) and number of external units (exams):

For Extended certificate – 2 exams and 3 coursework units

Diploma – 4 exams and 6 coursework units

OCR also collaborates with the following employers and universities to develop the Cambridge Technicals in Business.

Alton Towers, Bouygues UK Ltd BT, Orbit Group, Richer Sounds, Stagecoach, The Institute of Chartered Accountants

Coventry University, Staffordshire University Wolverhampton University, Leeds Beckett University, Buckingham University, University of Sheffield, Midlands University of West England

Our department expectations

The Business and Economics Department main objective is to strive for all students to reach their full potential and achieve the highest grade according to your ability. In order to meet this objective, we have outlined some expectations.

- 1) All deadlines MUST be met. This is essential for all coursework units as missed deadlines means missed opportunity for feedback.
- 2) After each lesson notes must be read and independently reading on the topic set
- 3) It is essential that if any lessons are missed then work needs to be caught up before the following lesson.

Expectations

The Business Studies and Economics Department has high expectations of both students and teachers. Your teachers work incredibly hard to deliver a full, relevant and meaningful curriculum and we expect you to be willing to learn for yourself, be respectful to others in your classes and make your best efforts in all lessons.

We pride ourselves on delivering several of the most popular courses in the sixth form due to our passion in the subjects that we teach, and we would ask that you try to share our enthusiasm in everything that you do in relation to your studies.

Lesson Preparation and Organisation

- Pre-reading (from textbook / revision guide) when requested.
- Organisation: textbook, folders, data sheet, PLCs for each topic.
- Regularly check your email and SMHW
- Equipment: all students are expected to have all the necessary equipment for school including a scientific calculator

Independent Study

- Catch up on missed work due to absences
- Use non-contact study periods (timetabled) for pre-reading, structured reviewing of learned material and practise questions on topics
- Revision for tests and exams
- Use study skills and revision skills that have been taught to you
- If below target grade, must attend study sessions for support with teacher, complete practice questions on topics taught (to check understanding)

Review/revise

The Importance of Profit

1. How is it calculated?
2. Why is it a key objective to so many businesses?
3. Should it be the only priority for a business?

External Environment

1. What factors would effect a business?
2. What ethical issues could impact the fashion industry?
