

Year 11 Revision Schedule 2023_24

Subject/Course:	GCSE Geography (Edexcel B)
Student Name:	GCSE Year 11 students

		Topic	Key knowledge/skills/questions	Resources/activities/links
Week 1	Monday 15 January 2024	Hazardous Earth	Climate Change: <ul style="list-style-type: none"> Global Atmospheric Circulation Model Past climate change and natural causes of climate change Global climate change 	<ol style="list-style-type: none"> 1. Practise short mark questions using past questions on the edexcel website 2. Work through pages 1-3 in the workbook 3. Work though the pods and make notes on each: GCSEPod
Week 2	Monday 22 January 2024	Hazardous Earth	Tropical Cyclones: <ul style="list-style-type: none"> Causes of tropical cyclones Impacts of tropical cyclones Preparation and response Case Studies: Typhoon Haiyan (LIC) Hurricane Katrina (HIC) Must know the following for each case study: <ul style="list-style-type: none"> Causes Impacts (Primary and secondary) Responses (Long and short term) 	<ol style="list-style-type: none"> 1. Practise short mark questions using past questions on the edexcel website 2. Work through pages 4-8 in the workbook 3. Practise 8 mark questions using past papers from the edexcel website 4. Create case study cards for each case study and ask parents to test you

Week 3	Monday 29 January 2024	Hazardous Earth	<p>Tectonics:</p> <ul style="list-style-type: none"> • Earth structure • Plate boundaries • Impacts and management of tectonic hazards <p>Case Studies: Japanese Earthquake (HIC) Haiti Earthquake (LIC) Must know the following for each case study:</p> <ul style="list-style-type: none"> • Causes • Impacts (Primary and secondary) • Responses (Long and short term) 	<ol style="list-style-type: none"> 1. Practise short mark questions using past questions on the edexcel website 2. Work through pages 9-15 in the workbook 3. Practise 8 mark questions using past papers from the edexcel website 4. Create case study cards for each case study and ask parents to test you
Week 4	Monday 5 February	Fieldwork – Human	<ul style="list-style-type: none"> • Creating enquiry questions • Why certain locations are chosen for an investigation • Identify, describe and explain different types of sampling • How to describe data • How to analyse data • How to evaluate data • How to draw conclusions from data 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Work through past questions on the edexcel website 3. Work through pages 77-79 in your workbook
Week 5	Half Term Monday 12 February	Challenges of an Urbanising World	<ul style="list-style-type: none"> • Global Urbanising Trends • Reasons for Urbanisation • Cities Change over time 	<ol style="list-style-type: none"> 1. Work through pages to 26-30 in the workbook 2. Work though the pods and make notes on each: GCSEPod 3. Ask your parents to test you on your key words list
Week 6	Monday 19 February	Challenges of an Urbanising World	<p>Case Study – Mumbai</p> <ul style="list-style-type: none"> • The location and content of Mumbai • Growth of Mumbai • Opportunities and Challenges for people in Mumbai • Strategies to improve quality of life 	<ol style="list-style-type: none"> 1. Create flash cards to show specific case study information 2. Practise 8 mark questions using past papers from the edexcel website 3. Worth through pages 31-35 in the workbook

Week 7	Monday 26 February	The UK Physical Landscape	<ul style="list-style-type: none"> Processes that have influenced the physical landscape Creation of distinctive landscapes 	<ol style="list-style-type: none"> Work through pages 37-41 in the workbook Work through the pods and make notes on each: GCSEPod
Week 8	Monday 4 March	Coasts	<ul style="list-style-type: none"> Coastal Landscapes Coastal Processes Modification of coastal landscapes Challenges along coastlines and management options 	<ol style="list-style-type: none"> Work through pages 42-50 in the workbook Create flash cards for key words and ask parents to test you Using the pods, create a mind map GCSEPod
Week 9	Monday 11 March	Rivers	<ul style="list-style-type: none"> River Landscapes Human activity and physical processes River management 	<ol style="list-style-type: none"> Work through pages 54-63 in the workbook Create flash cards for key words and ask parents to test you Using the pods, create a mind map GCSEPod
Week 10	Monday 18 March	UK Evolving Human Landscape	<ul style="list-style-type: none"> The UK Human Landscape The UK and the wider World 	<ol style="list-style-type: none"> Work through pages 67-70 in the workbook Using the pods, create a mind map GCSEPod
Week 11	Monday 25 March	UK Evolving Human Landscape	<p>Case Study – London</p> <ul style="list-style-type: none"> Location and content of London Changes in employment, services and migration Challenges and opportunities in London Improvements in London London and rural areas Challenges and opportunities in rural areas 	<ol style="list-style-type: none"> Create flash cards to show specific case study information Practise 8 mark questions using past papers from the edexcel website Work through pages 71-76 in the workbook

Week 12	Easter Monday 1 April	Development Dynamics	<ul style="list-style-type: none"> • Measuring Development • Development and Population • Cause of inequality in Development • What's holding Malawi Back? • How do countries develop? <ul style="list-style-type: none"> ○ Rostow's Theory ○ Franks Dependency Theory • How does globalisation influence development? 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Work through past questions on the edexcel website
Week 13	Easter Monday 8 April	Development Dynamics	Case Study – India <ul style="list-style-type: none"> • India's growth and its significance • Cause of rapid globalisation and its impacts in India • How TNCs operate in India • Impacts of change in India • Unequal development <ul style="list-style-type: none"> ○ Maharashtra – Urban Core ○ Bihar – Rural Periphery • Top Down and Bottom-Up Development Strategies <ul style="list-style-type: none"> ○ The Narmada River Scheme ○ Biogas • Challenges facing India • How is India's role changing in the global community 	<ol style="list-style-type: none"> 1. Work through past 8 mark questions on the edexcel website and write a detailed plan for each. 2. Ask parents to test you on key evidence for each case study.
	Monday 15 April	Fieldwork – Physical	<ul style="list-style-type: none"> • Creating enquiry questions • Why certain locations are chosen for an investigation • How primary and secondary data is collected 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Work through past questions on the edexcel website
Week 15	Monday 22 April	Hazardous Earth	Climate Change: <ul style="list-style-type: none"> • Global Atmospheric Circulation Model • Past climate change and natural causes of climate change • Global climate change Tropical Cyclones: <ul style="list-style-type: none"> • Causes of tropical cyclones • Impacts of tropical cyclones 	<ol style="list-style-type: none"> 1. Work through past questions on the edexcel website. Use the marks scheme and examiners report to check your answers. 2. Try to draw a picture to represent each revision subtitle

			<ul style="list-style-type: none"> Preparation and response <p>Tectonic Activity:</p> <ul style="list-style-type: none"> Structure of the earth Convection currents Tectonic plates Plate boundaries 	
Week 16	Monday 29 April	Development Dynamics	<ul style="list-style-type: none"> Measuring Development Development and Population Cause of inequality in Development What's holding Malawi Back? How do countries develop? <ul style="list-style-type: none"> Rostow's Theory Franks Dependency Theory How does globalisation influence development? 	<ol style="list-style-type: none"> Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps Work through past questions on the edexcel website
Week 17	Monday 6 May	Challenges of an Urbanising World	<ul style="list-style-type: none"> Global Urbanising Trends Reasons for Urbanisation Cities Change over time 	<ol style="list-style-type: none"> Work through pages to 26-30 in the workbook Work through the pods and make notes on each: GCSEPod Ask your parents to test you on your key words list
Week 18	Monday 13 May	<p>17th May – Geography Paper 1 Exam (PM)</p> <p>Hazardous Earth (Earthquakes - Haiti, Japan Typhoons and Hurricanes - Haiyan and Katrina)</p> <p>Development Dynamics (India)</p> <p>Challenges of an Urbanising World (Mumbai)</p>	<p>Key focus on case studies:</p> <p>Hazardous Earth</p> <ul style="list-style-type: none"> Earthquakes (Haiti and Japan) <ul style="list-style-type: none"> Primary and Secondary Impacts Management (short term relief, long term planning, preparation and prediction) Hurricanes/Typhoon's (Katrina and Haiyan) 	<ol style="list-style-type: none"> Work through past 8 mark questions on the edexcel website and write a detailed plan for each. Ask parents to test you on key evidence for each case study.

			<ul style="list-style-type: none"> ▪ Preparation and Response <p>Development Dynamics</p> <ul style="list-style-type: none"> • India <p>Challenges of an Urbanising World</p> <ul style="list-style-type: none"> • Mumbai 	
Week 19	Monday 20 May	UK Evolving Physical Landscape	<ul style="list-style-type: none"> • Geology • Coasts • Rivers 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Using your key words sheets, ask parents to test you on your key words. 3. Turn your key words/processes and landforms into annotated images
Week 20	Half Term Monday 27 May	UK Human Landscape	<ul style="list-style-type: none"> • The UK Human Landscape • The UK and the wider World • Case Study – London 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Using your key words sheets, ask parents to test you on your key words.
Week 21	Monday 3 June	<p>5th June – Geography Paper 2 Exam (am)</p> <p>UK Physical Landscape (Geology, Rivers and Coasts)</p> <p>Investigating a UK Geographical Issue</p> <p>UK Evolving Human Landscape (London)</p> <p>Coastal Fieldwork (Isle of Sheppey)</p> <p>Human Fieldwork (Stratford)</p>	<ul style="list-style-type: none"> • Creating enquiry questions • Why certain locations are chosen for an investigation • Identify, describe and explain different types of sampling • How to describe data • How to analyse data • How to evaluate data • How to draw conclusions from data 	<ol style="list-style-type: none"> 1. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps 2. Using your key words sheets, ask parents to test you on your key words.
Week 22	Monday 10 June	<p>14th June – Geography paper 3 Exam (am)</p> <p>People and the Biosphere</p> <p>Forests under Threat</p> <p>Consuming Energy Resources</p> <p>Making a Geographical Decision</p>	<ul style="list-style-type: none"> • People and the Biosphere • Forests under Threat • Consuming Energy Resources • Making a Geographical Decision 	<ol style="list-style-type: none"> 1. Work through pages 104 – 105 in the workbook 2. Blank page retrieval and identify weaknesses. Use revision guide and GCSE pods to close the knowledge gaps
