HAYES SCHOOL

Summer Term 2025

Enrichment at Hayes School

We are pleased to share details of our enrichment programme for the Summer Term 2025.

Enrichment clubs offer a fun way to make new friends while trying new activities and developing new skills. As well as being enjoyable, participating in extracurricular activities will help you become more involved in wider school life. They will help you to develop yourself as a Hayes Learner.

Enrichment is any activity which takes place beyond students' timetabled lessons to enrich their learning and build cultural capital.

We offer a range of different activities across many different subjects. The majority of these activities take place after school, however there are some which take place before school and during lunch time.
