3rd July 2025

Dear Parents and Carers

I hope this message finds you well and that your child is enjoying their work experience placement this week. These opportunities are a valuable part of our Sixth Form programme and provide students with a practical insight into future pathways.

I am writing to share details of our upcoming **Futures Day**, an annual event designed to support students with their next steps beyond Sixth Form. This year's Futures Day will take place on **Wednesday 9th July 2025**.

The event is a dedicated opportunity for students to begin or finalise applications for university, apprenticeships, and employment. It helps ensure they have all the tools and information needed to make important decisions about their futures, while also reducing pressure later in Year 13 when academic demands increase.

Throughout the day, students will take part in a variety of sessions, including workshops on personal statement writing, CV development, LinkedIn skills, study strategies, and guided use of Unifrog — our careers and destinations platform.

Please find the structure of the day below:

Cont/d..3

To help us plan the day effectively, we kindly ask that all students complete the **Microsoft Form** that has been sent to their school email address. If your child has not yet completed it, please encourage them to do so at their earliest convenience.

Please note that **students will be dismissed at lunchtime** once the final session is complete, and they should attend the day in **full school dress code**.

Thank you for your continued support as we help our students take these important next steps in their journey. If you have any questions about Futures Day or the wider progression programme, please don't hesitate to get in touch.

Kind regards

Mr A Allred
