Dear Parent/Carer

Year 13 Final Push and Summer Examinations

Firstly, can I thank you for your continued support as we enter the final run-in to your child's summer examinations.

As you will be aware, students in Year 13 have recently completed their mock examinations. These have provided an important opportunity for reflection, particularly around exam technique — timings, preparation, question approach, and how best to use the coming weeks effectively.

Following their mock results, students have begun identifying areas for improvement and focusing on the small, marginal gains that can make a significant difference in the final weeks before exams. We would like to remind you that **Personal Learning Checklists (PLCs)** are available on Satchel. These are a key resource to support students in identifying knowledge gaps and structuring their revision effectively.

We have already shared information regarding **Easter School** and would like to take this opportunity to remind students to sign up and attend. These sessions provide valuable access to subject support, revision guidance, and structured study time. Where students are not attending specific sessions, they should be making full use of available study areas to maintain a consistent and productive revision routine.

As we move through this period, it is important that students strike the right balance - taking time to rest and recharge, whilst also maintaining momentum in their studies. This is the final sprint, and consistent effort now will make a real difference.

To support both students and parents, we will be hosting a **Year 13 Final Push Evening** on:
Tuesday 14th April, 6:00pm – 7:00pm

This event will outline the final stages leading up to the examinations, key expectations, and how best you can support your child during this crucial period.

In school, we are continuing to maximise learning time. Students are expected to attend all lessons fully prepared, making the most of every opportunity to consolidate knowledge and refine exam technique. Every lesson counts in these final weeks.

Thank you once again for your ongoing support. We look forward to working together to ensure all students achieve the outcomes they are capable of.

Yours sincerely

Mr A Allred
