Dear Parents/Carers

Re: Online Safety Webinar for Parents/Carers

We are committed to providing information about keeping safe online to students, staff and parents. Alongside lessons as part of the Personal Development curriculum, year 7 and 12 students take part in an E-Safety workshop delivered by an external company.

We have organised for the same provider to deliver an online safety webinar for parent/carers of all year groups. It will help you understand the wide array of games, apps and websites that are currently popular for children. It will also talk about how children are taught to be safe online, whilst also giving tips and ideas on how to stay in control at home. The session is inspirational and up-to-the-minute, and is a must for all those who are concerned about the safety of their children when using the internet.

The webinar will be available from **Monday 2nd October to Sunday 29th October** and can be accessed on demand.

To join the webinar, you must register on the link below:
