Dear Parents/Carers

Re: KS3 D&T fund

We are kindly asking all parents/carers of Year 7 students to make a suggested contribution of £12.00 to the D&T fund. This breaks down into roughly £1.30 per term/project across the whole of KS3 which is Years 7,8 and 9. There is the option to contribute any amount of your choice as any contribution you make no matter how small will be gratefully received. Please note that for food, students will be expected to bring in their own ingredients in Year 7 and again in Year 9 to take part in the cook lesson. Ingredients list will be shared by teacher in advance of the cook lessons. Your child will now know if they are doing food this term.

As a department we want to offer a wide variety of projects that will provide students with a huge array of skills and knowledge. With your DT fund contribution we will be able to buy a wider range of materials such as polymers, timbers, metals, and components to use across their projects. It will also help us to improve the equipment we have and help maintain the high level of resources that will have a huge impact upon your child's learning.

Your generous contribution really help to improve the quality of the products your child creates and enhances their experiences within D&T.

Please can you make your payment via parent pay. All parents/carers have been given a password and login for this. Please ensure you print and retain your Parentpay receipt as proof of payment. The payment is under '**Year 7 D&T Fund 2023**'.

Thank you for your continuing support.

Yours sincerely

The Design and Technology Department at Hayes.
