18th September 2023

Dear Parent/Carer

Re: Guest Speaker - Andrew Grant - Chairperson, Strategy & Communications, UK with Teneo (former owner of Tulchan)

I am delighted to inform you that on Thursday 21st September 2023 your child will attend a talk by Andrew Grant.

The talk is a reflection on his life and the lessons he has learned along the way. Andrew's life lessons can aid your child in their studies and personal aspirations to ensure that they are ready to take on all that life has to offer. He comes with an excellent pedigree and is a noted motivational speaker. This does mean that your child's period 4 lesson will not go ahead, instead they will go straight to the Main Hall after period 3.

Andrew has an impressive career history and entrepreneurial background which he will talk to the students about, giving them an insight into his career path and how this has developed over time. Below you can see a brief bio of his experiences:

Andrew Grant founded Tulchan in May 2000.

He has some 20 years experience of advising Corporates and Management on their financial communications. He has advised many of the UK's leading companies and his work has encompassed most of the major sectors including financial services, consumer industries and the media. He also has extensive experience of advising private equity. He is regarded as one of the leading transaction advisors in London and plays an active role in the transactions advised on by Tulchan.

His current clients are Marks & Spencer, Standard Life and Whitbread. He also provides a senior advisory role to many of Tulchan's clients in support of their direct client teams.

I hope that your child finds the talk inspirational and informative. Students are given the opportunity to submit questions via Satchel One.

Yours sincerely

Mr M Mitchell
Year 9 Achievement Co-ordinator
