Dear Parent/Carers

Re: UKMT Maths Trust

The Maths Department would like to invite your child to take part in the UKMT (UK Maths Trust) Junior Maths Challenge. This is a nationwide competition to stimulate problem solving in Maths.

Success is rewarded with a nationally recognised certificate and possible progression to further rounds of the competition. This year's Junior Maths Challenge takes place on Thursday 25th April and will be completed online, after school 3:15pm - 4:15pm, rooms will be confirmed after the entry deadline.

It is a great opportunity to challenge and extend your child's mathematics and can be a noteworthy addition to future CVs and UCAS applications. The questions are designed for out of the box thinking and making mathematical links between different areas of our curriculum.

The cost to enter the challenge is £1.50, as applications have to be ordered from the UKMT. You can pay for this via ParentPay until Monday 15th April.

I wish your child all the best in this year's competition.

Yours Sincerely

Ms Andrews
Key Stage 3 Mathematics Co-ordinator
