Policy Name: Accessibility Policy

Date of Last Review: Summer 2018

Date of Next Review: Summer 2019

SLT Responsible: Chief Operating Officer
1. Policy Overview

This policy pays due regard to government law, including the Equality Act (2010). It sets out how Schools within the Trust comply with the Public Sector Equality Duty. Additionally, the schools have published and review regularly their Equality Objectives.

This Accessibility Policy is divided into four sections:

Section 1: Access to the Curriculum – for students
Section 2: Access to Pastoral Support – for students, staff and parents
Section 3: Site Accessibility – for students, staff, parents and the community
Section 4: Access to Information - for students, staff, parents and the community

This Accessibility Policy details policies and initiatives, how these are monitored, reviewed/evaluated and how these evaluations are developed and embedded into school systems and practice.

This Accessibility Policy is an ‘umbrella’ document: it encompasses existing policies and development plans, implemented and monitored by a range of teachers, the Senior Leadership Team and governors.

This policy is reviewed:

• by members of the Senior leadership team with individual responsibilities for specific sections of the policy as noted
• by the Governing Body

2. Aims and Values.
Schools within the trust continuously work to ensure that all members of the school community and visitors to our school are treated with respect. In accordance with our other policies and code of conduct we aim to develop a student’s full potential regardless of their gender, ethnicity, cultural and religious background, sexuality, disability, ability or special educational needs.

We will do this by:

- Promoting equality of opportunity between disabled people and other people.
- Increasing awareness of the ways in which parents of disabled children and young people can help to support their learning.
- Ensuring that the talents of disabled pupils are represented.
- Eliminating discrimination that is unlawful under the Equality Act and harassment of disabled people that is related to their disability.
- Monitoring incidents of harassment and bullying of disabled pupils through our anti bullying policy and encouraging students to report incidents.
- Promoting positive attitudes towards disabled people through the Ready to Learn and tutorial programmes and assemblies e.g. disability awareness week, Paralympics
- Using the school environment to promote positive attitudes to disability. Ensuring that disability is represented in posters, collages, displays and learning materials.
- Ensuring that disabled pupils are represented and encouraged to participate in class assemblies, plays, events and on the school council.
- Assessing the needs of new members of the School Communities and making reasonable adjustments.

3. Section 1: Access to the Curriculum

Students across the Key Stages have an appropriate (differentiated and personalised) curriculum to fit their needs. The following documents/policies support this aim:

- School Development Plan
- Curriculum overviews
- Assessment Policy
- Special Educational Needs Policy
- Supporting Students with Medical Conditions Policy
- Equality & Diversity Policy

Within their teaching teams, Heads of Department (HoD) monitor students’ progress, linked to a member of the Senior Leadership Team (SLT) for fortnightly meetings; and usually on an individual basis, there are links with Achievement Coordinators/Heads of Year for year groups to determine the appropriate curriculum for specific students.
Students who receive the ‘Pupil Premium’ are identified and tracked by a designated member of SLT and the Pupil Premium Learning Mentor. Each subject teacher is fully aware of every Pupil Premium student that they teach and is supported to ensure that they make enhanced progress. HOD’s and SLT line managers track their progress at each data review and the designated SLT member reports directly on Pupil Premium progress to the Governors’ Achievement Committee, termly. Attendance and wellbeing is monitored by form tutors and ACos/Heads of Year, Regular use of department meetings, year meetings, SLT meetings and the school bulletin are used to discuss and promote the progress and well-being of our Pupil Premium Cohort. The Pupil Premium Strategy is uploaded onto the school’s website every October.
At Key Stage 3 students are usually taught in both ability and mixed ability groups depending on the subject. The composition of the groups is carefully determined (from primary schools’ KS2 data and can include information from parents) at the beginning of Year 7.

- Students’ progress is reviewed formally three times each academic year, with parents/carers receiving a full written report annually. The assessment data and/or written comments is entered into the schools MIS system electronically by teachers. Various summaries of the data collected are provided to SLT, ACoS Heads of Year, Tutors and Heads of Department by the Data Team including an indication of whether the student is making expected/above expected/below expected progress in relation to their target grades for the end of the Key Stage. These grades inform the planning of interventions by the class teacher, department or year group. All staff are able to view the academic progress of their students via data files published on SharePoint. Whole school tracking tables are also updated at assessment points and sent to SLT and Heads of Department to identify emerging trends and take appropriate action.

The school will provide auxiliary aids (and services) for disabled pupils to overcome any disadvantage experienced in schools.

- Students have guided option choices in Year 8 ahead of the start of Key Stage 4 in Year 9. Students and parents/carers receive information, advice and guidance from teachers, Heads of Department, Head of Special Educational Needs, the ACoS/Heads of Year and members of the Senior Leadership Team.

- In Years 9 10 and 11 the curriculum is increasingly personalised. There are opportunities for some students to follow a range of alternative courses and more-able students are able to study Computer Science, GCSE Further Mathematics and Separate Sciences.

- The most able students (MAP/+ or High Prior Attainers) are identified by prior attainment data. We aim within the curriculum to provide sufficient enrichment and extension activities as well as bespoke programmes of support, mentoring and intervention, as required.

- Learning Support interventions at Key Stage 3 are informed by reading and spelling tests. Individual and small group teaching take place in Learning Support for literacy; and reading for specifically identified and monitored students.
There are various Learning Support interventions at KS4 to provide a differentiated and appropriate curriculum for identified students: these include additional lessons dedicated to retrieval practice in History and Geography.

Throughout KS4, and selectively for KS3 students, through whole school data and Learning Support specialist testing, students are identified for Access Arrangements (exam concessions).

The Pupil Development Department support the management of a reduced or alternative curriculum for identified students (usually short-term interventions, but for a very few there can be longer-term interventions) including school-refusers, students returning from school after exclusion or from medical absence, or who are on parttime timetables due to documented medical reasons or long-term absence.

We will provide all young people, including disabled students with a wide range of high quality learning experiences outside the classroom, including extended school activities. Consideration and planning will take place to enable visits to take place safely and efficiently. Parents, the student and, if appropriate, specialist support staff, will be involved as early as possible in the planning process.

4. Section 2: Access to Pastoral support

The school works with counsellors, the School Nursing Team, Educational Psychologist (EP), , Multi-Agency Safeguarding Hub (MASH) and Child & Adolescent Mental Health Service (CAMHS) and other agencies who support the school.

Students across the Key Stages have access to appropriate pastoral support dependent on their age and specific needs.

The School’s various separate policies contribute to supporting these aims:

- **Attendance Policy**
- **Policy on supporting students with medical conditions**
- **Behaviour Management Policy**
- **Safeguarding & Child Protection Policy**
- **Special Educational Needs Policy**

- Looked After Children are identified and monitored (linked to LA professionals and following LA guidelines)

- Disadvantaged students who receive the ‘Pupil Premium’ are identified and their curriculum progress is tracked by teachers, Heads of Department, ACos, Heads of Year and the Senior Leadership Team
• Children who act as ‘Young Carers’ are identified and monitored (linked to LA professionals). These pupils are offered support as required.

- Educational Psychologists closely support the work of the school with individual students, as required by their needs. The school links to the Multi Agency teams relating to the Common Assessment Framework (CAF) and the Team Around the Child/Family (TAC/TAF) initiatives.

• An external Careers Advisor supports students with work-related learning and planning for the future.

• The head of Careers provides a comprehensive programme of Careers advice and guidance at all key stages.

• Developed links with partner primary schools support the early identification of individual students’ needs and allow for the effective planning and support of transition (including pre-transfer visits).

• A School Counsellor works in school and liaises closely with Bromley Wellbeing and CAMHS.

• Links to CAHMS closely inform support for specific students.

• School counsellors are able to give information and advice to parents on how to support their child as needed. Counsellors cannot, however, give details of specific conversations without students’ permission.

• Support through the Inclusion and Student Support Departments provide a base for vulnerable pupils and encourage them to discuss any concerns they have.

• Programmes are offered through the Student Support Department to support students’ social and emotional development, according to need.

• Enrichment events and guest speakers allow for bespoke PSHE/Ready to learn sessions tailored for specific year groups.

• Attendance is monitored daily and parents are contacted on the first day of absence. ACoS/Heads of Year liaise with pupils with lower attendance and support with the provision of work and reintegration packages.
Restorative Justice style meetings take place to resolve issues between pupils.

Exclusions are kept to a minimum – a meeting with students and parents/carers takes place following exclusion to re-establish expectations and agree any necessary support.

5. Section 3: Site Accessibility

Responsibility for this section of the Access Plan lies jointly with the Principal/Headteacher, Business Manager, SENCo and the Premises Manager, with contributions from a range of professionals supporting the school and from individuals within the school.

Ravens Wood School
Ravens Wood School is a boys school with a mixed sixth form and over 1500 students on its roll. The school occupies a large site comprising of 3 main buildings and some accommodation in huts, of differing ages, the majority of which were constructed before the current legislation. The nature of some of the buildings and aspects of the site present particular issues for physical accessibility.

Hayes School
Hayes School is a co-educational school with a mixed sixth form and over 1700 students on its roll. The school occupies a large site comprising of 6 main buildings and some accommodation in huts, of differing ages, the majority of which were constructed before the current legislation. The nature of some of the buildings and aspects of the site present particular issues for physical accessibility.

Students, staff, parents and visitors to the school have an equality of opportunity to access the curriculum and we aim to make all areas of the site accessible where possible. Where buildings cannot be adapted, changes will be made to the curriculum - typically this will mean re-rooming to accessible accommodation.

The following policies support these aims:

- **Premises Plan**, within the **School Development Plan**
- **Fire Risk Assessments** and the **Fire Safety Action Plan**
- **Health and Safety Policy**
- **Lettings Policy**

Health and safety issues are identified and addressed on an ongoing basis by a range of people within school – including teachers (activities, classrooms), Heads of
Department, ACoS/Heads of Year and SLT (communal areas). Health and Safety visits are undertaken and reports received by the Governor’s finance and estates committee

- Risk assessments are written principally for two purposes: for activities and for groups of students; and for specific students (as generic for their time in school, and/or for specific activities, or to take into account their specific disability)

- Risk assessments identify evacuation procedures for individual students whose movements are compromised by their disability (PEEPS)

  Staff are made aware of students with medical conditions which may affect health and safety and site accessibility. The medical conditions of staff affecting health and safety and site accessibility are known on a need to know basis by the Principal/Headteacher and related staff

- The Student Support Department has responsibility for ensuring that identified SEND students access all areas of the site within the health and safety guidelines

- Outside professionals (for example, Occupational Therapists, the Physical Disability Team, the Visual Impairment Team, Hearing Impairment, Physiotherapists, Autism Outreach Service, Speech and Language Therapists) support the work of the school, and the integration of specific students within mainstream classes

- Teaching Assistants, on a day-to-day basis, monitor individual students’ accessibility across the site.

6. Section 4: Access to Information

Our aim is to ensure that students, parents, staff and visitors have access to the information that they need, with due regard to confidentiality.

Purpose of this policy:
This policy supports the legislative framework for responding to requests for information under the statutory access regimes established by:

- the Freedom of Information Act (FOIA)
- the Data Protection Act (DPA) and General Data Protection Regulation (GDPR)
- the Equality Act (2010)
- and other legislation that provides a right of access

7. Responses to requests for information
- Relevant documents are posted on, and may be downloaded from, the school’s web sites or hard copies may be requested at a small charge.

- Parents/students may request copies of student record files, including paper and electronic files. A small charge will be levied for administration and photocopying charges.

- Parents/students may not be given access to records which contain information on other staff/students which would breach our Data Protection Policy and/or the Data Protection Act and General Data Protection Regulation (GDPR)

- All requests for information should be made, preferably in writing, to the Principal/Headteacher or Data Protection Officer
Any complaints should be addressed through the School’s Complaints Procedure, available to view via the individual school’s website.

8. Information provided by the school

Students have access to information by:

- the regular reporting of students’ progress by written reports from teachers.
- feedback from their subject teachers (verbal and written) relating to their work completed in class, including at Parents’ Evenings.
- reviews from enhanced monitoring, for example through Report Cards, Individual Behaviour Plans and Pastoral Support Plans.
- the SEN review process
- through the student contact book/planner
- representation on/by the Student Council

Parents/carers have access to information by:

- the regular reporting of their child’s progress by written reports from teachers
- teachers’ written comments in students’ books / planners / letters and emails to parents; telephone conversations
- talking to teachers and support staff at annual Parents’ Evenings
- Parent Information Evenings.
- Options Evening (for students selecting their KS4 courses)
- Raising achievement evenings (RWS)
- Tutor and ACo/Head of Year contact with parents
- the school’s websites and twitter feeds
- open mornings for parents of prospective new students
- by prior appointment to visit the school
- specific requests for information (see above)
through appointments with teachers (SEN reviews, reviewing Individual Behaviour Plans, Pastoral Support Plans, the Common Assessment Framework and the Team Around the Child mechanisms)

• the Main School Prospectus
  SEN information to parents: at reviews, and with printed documentation, and from relevant professionals outside school supporting the work of the school

Visitors / external agencies / individuals have access to information (on a need-to-know basis only) by:

• the School’s website
• contact with professionals within the school
• by written request to the Principal

9. Accessibility of information

The Schools aim to provide information in an accessible format and will respond to individual needs and requests as they arise.

For example:

• the School will seek support from outside agencies to provide information in simple language, symbols, large print, audiotape or Braille for students, prospective students or parents who have difficulty with standard forms of printed information;

• the School will also make information for parents available in a range of different formats, should the need arise, and be aware of font size and legibility when producing written information. during parents’ evenings and review meetings of children’s performance in school, details are confirmed to parents how they can access information;

• the School will, if the need arises, aim to provide translation or interpreter services to ensure all parents/students can access information.

10. Accessibility Action Plan

Monitoring
The schools within the Trust have determined the priorities for the school with regards to disability equality and has drawn up an action plan to make things happen, which outlines how the requirements of the Equality Act 2010 will be met.

To meet the Public Sector Equality Duty and the Equality Act 2010, it is essential that aspects of school life are monitored to identify whether there is an adverse impact on children and young people with disabilities.

The following will be monitored:

- Achievement of pupils by disability
  - Disabled staff (including numbers, type of disability and satisfaction rates in staff surveys etc.)
  - Exclusion information
  - Rewards and sanctions □ Provision for transition.

The monitoring of the actions outlined in the action plan will be monitored in accordance with the specified timescales. If any adverse impacts are identified during the monitoring process, the action plan will be revised.

This policy and the action plan will be reviewed annually by the Headteacher and Governors’ Resources, Leadership & Management Committee.
