Policy Document

Policy Name: Supporting Students with Medical Conditions
Date of Last Review: Summer 2018
Date of Next Review: Spring 2019
SLT Responsible: Assistant Principal
Statement of intent

At Hayes School we aim to ensure that students with medical conditions receive appropriate care and support whilst at school. This policy has been developed in line with the Department for Education’s guidance released in April 2014 – “Supporting students at school with medical conditions”.

Ofsted places a clear emphasis on meeting the needs of students with SEN and Disabilities and this includes children with medical conditions.

1 Key roles and responsibilities

1.1 The Local Authority (LA) is responsible for:

1.1.1. Promoting cooperation between relevant partners and stakeholders regarding supporting students with medical conditions.

1.1.2. Providing support, advice and guidance to schools and their staff.
1.2 The Governing Body is responsible for:

1.2.1 The overall implementation of the Supporting Students with Medical Conditions Policy and procedures of Hayes School.

1.2.2 Ensuring that the Supporting Students with Medical Conditions Policy, as written, does not discriminate on any grounds including, but not limited to: ethnicity/national origin, culture, religion, gender, disability or sexual orientation.

1.2.3 Handling complaints regarding this policy as outlined in the school’s Complaints Policy.

1.2.4 Ensuring that all students with medical conditions are able to participate fully in all aspects of school life.

1.2.5 Ensuring that relevant training is delivered to staff members who take on responsibility to support children with medical conditions.

1.2.6 Guaranteeing that information and teaching support materials regarding supporting students with medical conditions are available to members of staff with responsibilities under this policy.

1.2.7 Ensuring that written records are kept of any and all medicines administered to individual students and across the school population.

1.2.8 Ensuring the level of insurance in place reflects the level of risk.

1.3 The Assistant Head teacher (Safeguarding, Wellbeing, and SEND) is responsible for:

1.3.1 The day-to-day implementation and management of the Supporting Students with Medical Conditions Policy and procedures of Hayes School.

1.3.2 Ensuring the policy is developed effectively with partner agencies.

1.3.3 Making staff aware of this policy.

1.3.4 Liaising with healthcare professionals regarding the training required for staff.

1.3.5 Making staff who need to know aware of a child’s medical condition.

1.3.6 Developing Individual Healthcare Plans (IHCPs).
1.3.7 Ensuring a sufficient number of trained members of staff are available to implement the policy and deliver IHCPs in normal, contingency and emergency situations.

1.3.8 If necessary, facilitating the recruitment of a member of staff for the purpose of delivering the promises made in this policy.

1.3.9 Ensuring the correct level of insurance is in place for teachers who support students in line with this policy.

1.3.10 Contacting the school nursing service in the case of any child who has a medical condition.

1.4 **Staff members are responsible for:**

1.4.1 Taking appropriate steps to support children with medical conditions.

1.4.2 Where necessary, making reasonable adjustments to include students with medical conditions into lessons.

1.4.3 Administering medication, if they have agreed to undertake that responsibility.

1.4.4 Undertaking training to achieve the necessary competency for supporting students with medical conditions, if they have agreed to undertake that responsibility.

1.4.5 Familiarising themselves with procedures detailing how to respond when they become aware that a pupil with a medical condition needs help.

1.5 **Parents and carers are responsible for:**

1.5.1 Keeping the school informed about any changes to their child/children’s health.

1.5.2 Completing a parental agreement for school to administer medicine form before bringing medication into school.

1.5.3 Providing the school with the medication their child requires and keeping it up to date.

1.5.4 Collecting any leftover medicine at the end of the course or year.

1.5.5 Discussing medications with their child/children prior to requesting that a staff member administers the medication.
1.5.6 Where necessary, developing an Individual Healthcare Plan (IHCP) for their child in collaboration with an Assistant Head teacher, other staff members and healthcare professionals.

2 Definitions
2.1 “Medication” is defined as any prescribed or over the counter medicine.
2.2 “Prescription medication” is defined as any drug or device prescribed by a doctor.
2.3 A “staff member” is defined as any member of staff employed at Hayes School including teachers.

3 Training of staff
3.1 Teachers and support staff who undertake responsibilities under this policy will receive the following training externally:
   - First Aid training updated every 3 years
   - Basic First aid for support staff (last occurred in February 2015)
   - Epipen training
   - Diabetic training for first aider and AHT

3.2 No staff member may administer prescription medicines or undertake any healthcare procedures without undergoing training specific to the responsibility, including administering

3.3 No staff member may administer drugs by injection unless they have received training in this responsibility

3.4 The Business Manager will keep a record of training undertaken and a list of teachers qualified to undertake responsibilities under this policy.

3.5 **It is emphasised that Hayes School has only qualified first aiders and NOT trained medical staff.**

4 The role of the child
4.1 Children who are competent will be encouraged to take responsibility for managing their own medicines and procedures.

4.2 Where possible, students will be allowed to carry their own medicines and devices. Where this is not possible, their medicines will be located in an easily accessible location.

4.3 If students refuse to take medication or to carry out a necessary procedure, parents will be informed so that alternative options can be explored.
4.4 Where appropriate, students will be encouraged to take their own medication under the supervision of a teacher.

5 Individual Healthcare Plans (IHCPs)

5.1 Where necessary, an Individual Healthcare Plan (IHCP) will be developed in collaboration with the student, parents/carers, Assistant Headteacher, Special Educational Needs Coordinator (SENCO) and medical professionals, including the School Nurse.

5.2 IHCPs will be easily accessible whilst preserving confidentiality.

5.3 IHCPs will be reviewed at least annually or when a child’s medical circumstances change, whichever is sooner.

5.4 Where a pupil has an Education, Health and Care plan or special needs statement, the IHCP will be linked to it or become part of it.

5.5 Where a child is returning from a period of hospital education or alternative provision or home tuition, we will work with the LA and education provider to ensure that the IHCP identifies the support the child needs to reintegrate.

6 Medicines

6.1 Where possible, it is preferable for medicines to be prescribed in frequencies that allow the student to take them outside of school hours.

6.2 If this is not possible, prior to staff members administering any medication, the parents/carers of the child must complete and sign a parental agreement for a school to administer medicine form.

6.3 No child will be given any prescription or non-prescription medicines without written parental consent except in exceptional circumstances.

6.4 Where a student is prescribed medication without their parents’/carers’ knowledge, every effort will be made to encourage the student to involve their parents while respecting their right to confidentiality.

6.5 No child under 16 years of age will be given medication containing aspirin without a doctor’s prescription.

6.6 Medicines MUST be in date, labelled, and provided in the original container (except in the case of insulin which may come in a pen or pump) with dosage instructions. Medicines which do not meet these criteria will not be administered.

6.7 A maximum of four weeks supply of the medication may be provided to the school at one time.
6.8 Controlled drugs may only be taken on school premises by the individual to whom they have been prescribed. Passing such drugs to others is an offence which will be dealt with under our Behaviour Management Policy.

6.9 Medications will be stored in the student reception.

6.10 Any medications left over at the end of the course will be returned to the child’s parents or if they have not been collected will be disposed of by the school nurse.

6.11 Written records will be kept of any medication administered to children.

6.12 Students will never be prevented from accessing their medication.

6.13 Hayes School cannot be held responsible for side effects that occur when medication is taken correctly.

7 Emergencies

7.1 Medical emergencies will be dealt with under the school’s emergency procedures.

7.2 Where an Individual Healthcare Plan (IHCP) is in place, it should detail:

- What constitutes an emergency.
- What to do in an emergency.

7.3 Students will be informed in general terms of what to do in an emergency such as telling a teacher.

7.4 If a student needs to be taken to hospital, a parent/carer will be contacted and asked to arrange for themselves or another adult to come to the school or to meet at the hospital as required. A member of staff will remain with the child until their parents/carers arrive. Permission to be sent home should be authorised by a member of the Pastoral team.

8 Avoiding unacceptable practice

8.1 Hayes School understands that the following behaviour is unacceptable:

- Assuming that students with the same condition require the same treatment.
- Ignoring the views of the student and/or their parents.
- Ignoring medical evidence or opinion.
- Sending students home frequently or preventing them from taking part in activities at school.
- Sending the student to the student reception alone if they become ill.
- Penalising students with medical conditions for their attendance record where the absences relate to their condition.
Making parents feel obliged or forcing parents to attend school to administer medication or provide medical support, including toilet issues.
Creating barriers to children participating in school life, including school trips.
Refusing to allow students to eat, drink or use the toilet when they need to in order to manage their condition.

9 Insurance

9.1 Teachers who undertake responsibilities within this policy are covered by the school’s insurance.

9.2 The Department for Education’s Risk Protection Agreement covers staff providing support to students with medical conditions.

9.3 Full written insurance policy documents are available to be viewed by members of staff who are providing support to students with medical conditions. Those who wish to see the documents should contact the Business Manager.
Appendix 1 - Individual healthcare plan implementation procedure

1. Parent or healthcare professional informs school that child has medical condition or is due to return from long-term absence, or that needs have changed.

2. Achievement Coordinator /Pastoral team co-ordinates meeting to discuss child’s medical needs and identifies member of school staff who will provide support to the student.

3. Meeting held to discuss and agree on the need for IHCP to include key school staff, child, parent and relevant healthcare professionals.

4. Develop IHCP in partnership with healthcare professionals and agree on who leads.

5. School staff training needs identified.

6. Training delivered to staff - review date agreed.

7. IHCP implemented and circulated to relevant staff.

8. IHCP reviewed annually or when condition changes. Parent/carer or healthcare professional to initiate. (Back to 3)

Student reception
The above information is, to the best of my knowledge, accurate at the time of writing and I give consent to school/setting staff administering medicine in accordance with the school/setting policy. I will inform the school/setting immediately, in writing, if there is any change in dosage or frequency of the medication or if the medicine is stopped.

Appendix 4 - Contacting emergency services

Request an ambulance - dial 999, ask for an ambulance and be ready with the information below.

Speak clearly and slowly and be ready to repeat information if asked.

Your telephone number – 0208 462 2767
Your name.
Your location as follows: Hayes School, West Common Road, Hayes, Bromley, BR2 7DB
The exact location of the patient within the school.
The name of the child and a brief description of their symptoms.
The best entrance to use and state that the crew will be met and taken to the patient.

Put a completed copy of this form by the phone.
