Following our sustainability review, we're making our refreshments more eco-friendly while continuing to raise funds for the school.

Using more recyclable packaging

Adding recycling stations at events

Trialling reusable cups

Sourcing more local drinks where possible

This is just the beginning — we'll keep building on these changes over the coming months.

## Making a difference

Thanks to your support, we raised £1,280 last term and funded:

£3,923  
DT

£2,040  
BIOLOGY

£2,800

YOUNG CARERS

Every pound raised goes straight back into enriching our children's school experience.
