

# **GEOGRAPHY LEARNING JOURNEY: Creating Global Citizens and** inspiring a lifelong interest and curiosity about our world.

How is global development driven by geopolitics?

Synoptic Paper

Carbon Cycle and Energy Security/ Health, **Human Rights and Intervention** 

The Water Cycle and Water Insecurity/ Superpowers

**Coastal Landscapes and Change/ Shaping Places** 

How are the global spheres contested?

FINAL **EXAMS** 

Does our reliance on fossil fuels mean that energy conflict in inevitable?

#### **Tectonic Hazards and Processes/Globalisation**

How does the risk What challenges and opportunities are and vulnerability created through the interconnectedness of our world?

How do coasts change and impact on human activity? How and why do places vary and what are the varying needs and outcomes for regeneration?

make managing

tectonic events challenging2

> Consuming **Energy Resources**

Can we manage energy resources and consumption more sustainably?

#### **Forests Under Threat**

How and why are the tropical rainforest and taiga forests under threat?

#### People and the Biosphere

How important is the biosphere to human existence?

What are the causes and challenges of rapid urban change in Mumbai, India?

Hazardous Earth

How do natural processes function and how should we prepare for them?

UK Human Landscape

How are rural and urban landscapes changing and what will be impact be on our population?

#### **UK Evolving Physical Landscape**

How do past and continual processes shape our landscape?

### Geographical Investigations

Human - How and why does the quality of life vary in Stratford?

Physical—How successful is the coastal management on the Isle of Sheppey?

YEAR

**Development Dynamics** How has India advanced in recent decades to become an emerging country?

important future without oil?

**The Middle East** 

**Warming Planet** 

Does the Middle East have a globally Is there a sustainable solution to the climate change crisis? (23)

**Earths Story** 

#### Globalisation

How has tectonics shaped our planet?

How has globalisation shaped our world?

7 Billion and Counting

How many people is too many people?

**Biomes** 

Is there anywhere that a human cannot live?

**Frozen Planet** 

Should we preserve or exploit our cold environments?

# **Raging Rivers**

Are rivers architects of our landscape?

## **Africa and Development**

How has the history of Africa shaped the continent in present day?

YEAR

YEAR

Microclimate **Fieldwork** 

in your school?

Does the climate vary

**Oceans and Coasts** 

on the health of our oceans?

Is the future of life on Earth dependent

**UK Geography** 

YEAR

Are we lost without Geography?

**Weather and Climate** 

How wild is our weather?

Map Skills

Are we lost without Geography?

What do we return to on our Learning Journey?

#### Concepts/ Ideas

- Physical and Human Processes
- Sense of Place
- Location
- **Environment and Sustainability**
- **Spatial Awareness**
- **Cultural Awareness and Diversity**

#### Skills

- Collect, analyse and communicate data through fieldwork
- Interpret a range of sources of geographical information e.g maps, globes, GIS and satellite photographs
- Use Geographical Information Systems (GIS) to view, analyse and interpret places and data
